Press Release:

GOAL successfully closes Purchase-and-Leaseback with easyJet for twelve A319-111

GOAL German Operating Aircraft Leasing has purchased twelve A319-111 from easyJet Airline Company Limited, of which six have already been delivered and leased back to easyJet. The remaining six will be delivered and leased back in June 2013.
The equity will be placed to investors by GOAL's majority shareholder KGAL.
GOAL, being a renowned expert in managing aircraft assets, will act again as lease and asset manager for all twelve aircraft.

About GOAL:
GOAL is a joint venture of KGAL GmbH & Co. KG, one of Germany's top investment companies and a high-ranking player in the world of structured asset finance and investment participation, and Deutsche Lufthansa AG, one of the world's premier carriers. GOAL currently owns and manages 44 aircraft. It has a broad experience in its core business of operating leasing, technical asset management and aircraft remarketing and has proven its professional know-how since its foundation in 1998.
